
Off-Load Hours:
Fri 6:15 am to 5:15 pm
Tech closes at 5:30
Off-load areas are under the freeway (City lot) and on Stewart.

As soon as you on-load, **you must leave the on-load area and park outside of it** if you are going to visit contingency or wait for the driver's meeting. Those parking areas are anything outside of the street closures marked in red.

PLEASE NOTE: Registration opens a half-hour after tech opens. We are only allowing those who were in qualifying line up to come through at 8 am. Those teams have already registered and have all of their paperwork. You'll be asked to show wristbands and paperwork or they will hold you until whoever is registering comes back with the required paperwork.
